Conference Report
NCRENBF-2014
Conference & Project Presentation 2014

Conference Dates: 06th & 07th March 2014
Conference Venue: VIVA Institute of Technology, Shirgaon, Virar(E), Mumbai- 401303, Maharashtra.

The role of engineers in nation building is irrefutable. No less a person than the late Prime Minister Pandit Shri Jawaharlal Nehru has lauded Engineers as builders of the nation. The quality of engineer is very vital for achieving the national objectives. Importantly, engineers are the bridge between science and technology. Without engineers, technology has little meaning. It is also important to note that engineering is not only a science but also a profession, and a very demanding one. It requires the best of training and calls for permanent education in the face of the relentless evolution of technology, growing complexity of systems, and ever increasing international competition affecting our manufacturing and service industries.

The conference will feature plenary talks, invited papers by distinguished researchers and technologists from Academia and industry followed by parallel paper presentation sessions. The main events are as follows.

NATIONAL CONFERENCE ON ROLE OF ENGINEERS IN NATION BUILDING 2014 (NCRENBF 2014)

The objective of this conference is to discuss fundamentals, applications and experiences in the field of Technology and Sciences and provide a platform to researchers and academicians in line spreading with the vision. i.e. “spreading and sharing knowledge”.

Topic of Interest in NCRENBF 2014 are as follows:
1 Electronics and Telecommunication Engineering
2 Electrical Engineering
3 Computer Engineering
4 Mechanical Engineering
5 Civil Engineering
6 Humanities & Science
5. Project Presentation (2014)

University curriculum and the practices in industry finds a wide gap today. To bridge this gap, the project presentation practices can be made an integral part of engineering curriculum. To achieve this an initiative through NCRENB 2014 was taken by VIVA-TECH. The current initiative will provide a platform for the students, researchers and faculty acquainted with the current trends and practices in presenting ‘Project Presentation’ is proposed in NCRENB 2014. The project covered wide variety of topics from various domains like Information Technology, Communication Engineering, Mechanical Engineering domains etc.

NCRENB 2014 was organized in co-operation with following International & National Bodies:
1. International Journal of Computer Application (IJCA), USA
2. Indian Institution of Industrial Engineering (IIIE), Mumbai

Total Paper Submissions 89
Accepted Full Papers for IJCA 06
Digital Library
Total Accepted Papers 80
Acceptance Rate 89%
Journal Paper Acceptance Rate 7.5%
Total Reviews 80*2=160

Total 89 Papers for 356 authors were received. The paper submission system was online managed by www.easychair.org. The papers were reviewed by a panel of internal as well as external reviewers. For each papers minimum two reviews were performed. Minimum One review by internal (VIVA TECH) reviewer and one reviews by external reviewers were
preformed. All external reviewers were highly qualified & experienced personnel with good expertise. All papers were finally approved by program convenor Dr. Arun Kumar for uploading on IIIE and IJCA Digital Library.
