Subject: Letter of Appreciation

Dear Madam,

We are really grateful to you for your valuable time and effort for delivering a lecture on "Real World & Trending Digital Networking Technology" for our Second year, Third year & Final year Electronics & Telecommunication Engineering students on 22nd March'2019. Your lecture was very informative, knowledgeable and motivating. Our students will cherish your value adding words in their hearts.

Hope for similar support in future too.

Thanking you.

Yours faithfully,

Dr. Arun Kumar

Report on Native App Development Workshop-2018

Date: 11th & 12th September, 2018

Time: 9:00am – 4:30 pm

○ Venue: Room no 303, VIVA Institute of Technology.

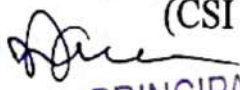

The CSI-VIVA Tech successfully organized the workshop on Native App Development at VIVA Institute of Technology. The workshop was conducted by Rex Technologies and was attended by Computer Engineering Students from T.E. They have experience in various fields. They had a vast knowledge about this subject and also have experience in conducting workshops for the same. In the workshop, they covered all the basic topics required for creating an android app.

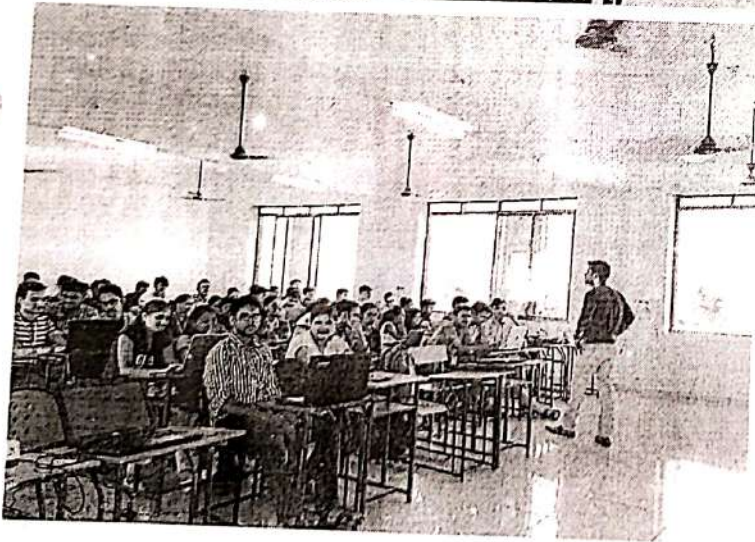

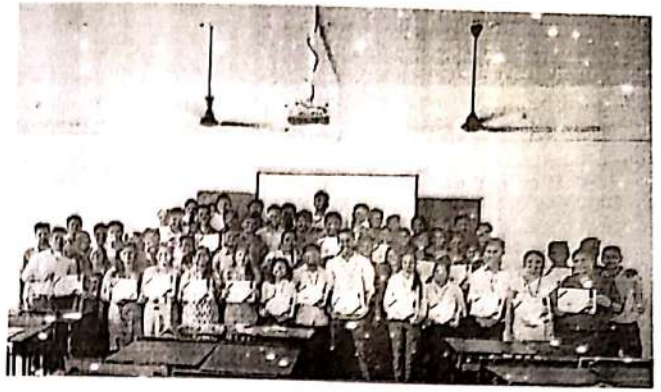

They taught students how to use Android Studio for writing and executing Java code. They covered various topics in detail such as creating GUI, making small android applications such as calculator, etc. In this session, they also covered how Android Studio can be a better option for android app development rather than using different software's for different ecosystems. They conducted the whole workshop by maintaining constant interaction with the students.

Overall it was an interactive session.

Report on UI/UX Designing Workshop-2018

Date: 11th & 12th September, 2018

Time: 9:00am – 4:30 pm

○ Venue: Room no 302, VIVA Institute of Technology.

The CSI-VIVA Tech successfully organized the workshop on UI/UX Designing at VIVA Institute of Technology. The workshop was conducted by Tech Cryptors and was attended by Computer Engineering Students from S.E. They had experience in various fields. They had a vast knowledge about this subject and also has experience in conducting workshops for the same. In the workshop, they covered all the basic topics required for designing UI/UX in python.

○ They taught students how to use PyCharm for writing and executing Python code. They covered various topics in detail for creating GUI. In this session, they also covered use of python for better user Interface designing. They conducted the whole workshop by maintaining constant interaction with the students.

Overall it was an interactive session.

Report on Industry and Institute Interaction Session (Seminar) -2018

Date: 12th October 2018

Time: 10:30 am to 11:45 am

Venue: Seminar Hall, VIT

The CSI VIVA-tech successfully organized the seminar on Industry and Institute Interaction at Computer Engineering Department, VIVA Institute of Technology. The seminar was conducted by CSI VIVA-tech and was attended by Computer Engineering students. The seminar was conducted by **Mr. Kunal Bharti**, Co-founder of Raw Engineering to guide students and to make them aware of the trends in industry.

The students got an idea about the prerequisites needed in industry and also discusses about the various fields and domains in engineering. There was also a Question and Answer session where students cleared their doubts regarding industry. There was large participation from students of S.E, T.E and B.E Computer Engineering.

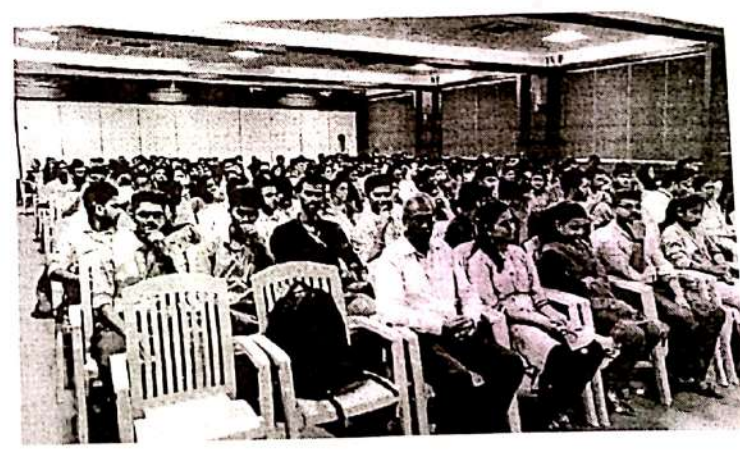

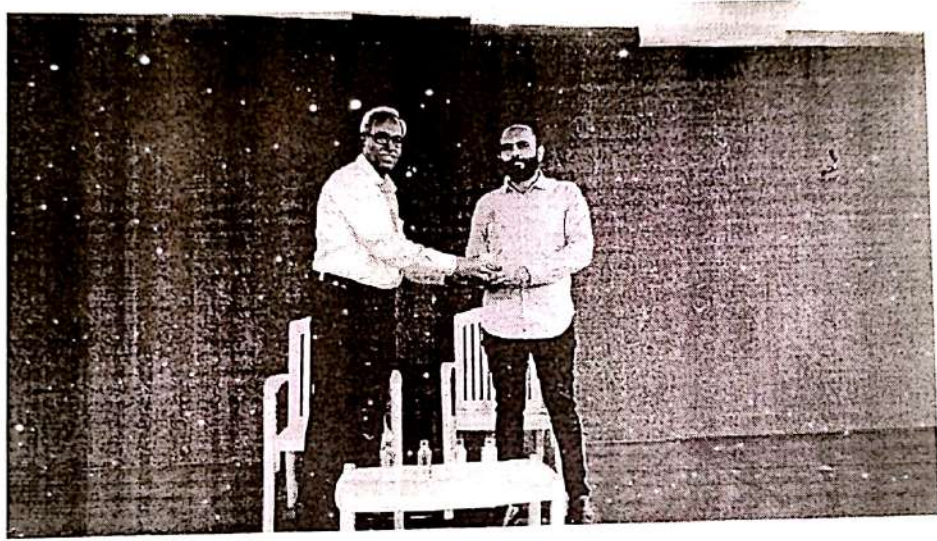

Overall it was an interactive seminar.

Thanking You.

Report on Machine Learning (Workshop) -2019

Date: 8th February 2019

Time: 09:30 am to 02:00 pm

○ Venue: Room No. 303, VIT

The CSI VIVA-tech successfully organized the workshop on Machine Learning at the Computer Engineering Department, VIVA Institute of Technology. The workshop was conducted by CSI VIVA-tech and was attended by Computer Engineering students. The seminar was conducted by **Prof. Tatvadarshi P. Nagarhalli**, who has over 5 years of experience in this domain, to teach students the basics of machine learning and its practical usage in the present industry.

○ The students got an idea about the prerequisites needed to make a career in this domain and also discusses the various skills needed to sustain in this domain. There was also a Question and Answer session where students cleared their doubts regarding the domain. There was large participation from students of T.E Computer Engineering.

Overall it was an interactive seminar.

Thanking You.

Report on Photoshop and Illustrator (Workshop)-2019

Date: 26th March , 2019

Time: 8:45 am to 10:45 am

Venue: Room no 303, VIT

The CSI-VIVA Tech successfully organized the workshop on Photoshop and Illustrator at VIVA Institute of Technology. The workshop was conducted by **Mr. Aditya Pujari** and **Mr. Sarjak Chawda** which was attended by Computer Engineering Students. They have great experience in Photoshop and Illustrator. In the workshop, they covered all the basic topics required for Photoshop and Illustrator. Softwares used in the Workshop were Adobe Photoshop and Adobe Illustrator.

The students got an idea about the prerequisites needed for making Posters, Banners and Editing Images. This would be helpful for them in near future. There was large participation from students of S.E Computer Engineering.

Overall it was an interactive Workshop.

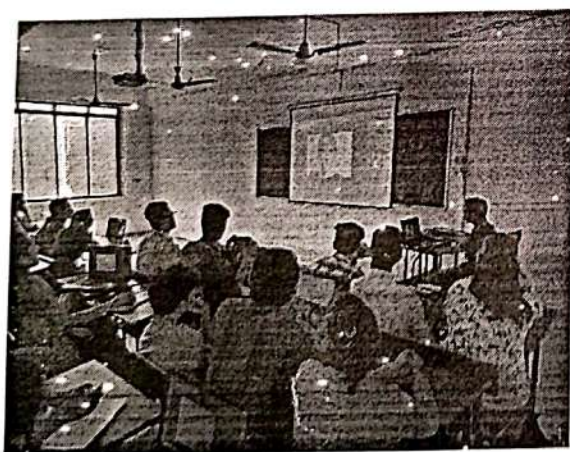

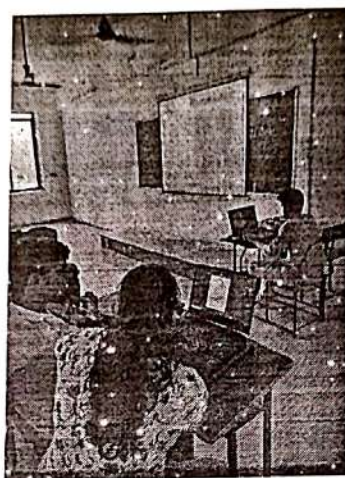

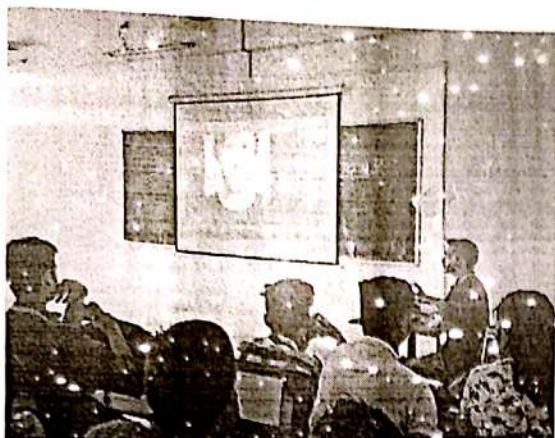

Thanking You.

Report on Image Processing (Guest Lecture) -2019

Date: 9th April 2019

Time: 02:00 pm to 03:00 pm

Venue: Room No. 303, VIT

The CSI VIVA-tech successfully organized the Guest Lecture on Image Processing at Computer Engineering Department, VIVA Institute of Technology. The lecture was conducted by CSI VIVA-tech and was attended by Computer Engineering students. The lecture was conducted by **Dr. Ashish Vanmali**, HOD of Vidyavardhini's College of Engineering to guide students and to make them aware of the current applications of Image and Video Processing industry.

The students got an idea about the prerequisites needed to make a career in this domain and also discusses the various skills needed to sustain in this domain. There was also a Question and Answer session where students cleared their doubts regarding the domain. There was large participation from students of T.E Computer Engineering.

Overall it was an interactive lecture.

Thanking You.

DETAILED COURSE CONTENTS ARE AS FOLLOWS :

Module 1: Micro-controller based System design using assembly language

- Pin Diagram, Block Diagram 8085 and 8051, Timing and Clock, Reset circuitry
- Memory Architecture
- Addressing Modes
- Instruction set
- Interfacing of LED
- Interfacing single seven segment display,
- Multiplexing of four seven segment displays
- Key-pad scanning without interrupt
- Timer and Interrupt structure
- Display Driver for seven segment display
- Software & Hardware drivers for LCD
- Uart, RS232 interface

Module 2: Embedded C

- Introduction to C programming, Data types, Format specifiers, Qualifiers, Operators, decision control structure,
- Loop control structure, Functions.
- Arrays, strings, storage classes.
- Arithmetic operation on Character, Type casting, creating a header file, use of Global variables.
- C for 8051, introduction to Keil compiler.
- Interfacing of LCD display
- Interfacing of Seven-segment display.
- Interfacing of Keypad and LCD.
- Interfacing of Keypad and seven segment display
- Interfacing DC & Stepper motors

Department of Mechanical Engineering
Report of Students' Workshop Organized by the department

Academic Year June 2018 to April 2019

Sr.no.	Details of the Students' Workshop	Resource Person	Year & Div	Date
1.	3 Days Workshop on Advanced Ansys	Mr. Ashish Vajir	Third Year and Forth year A & B div.	04 th October to 06 th October 2019

Session 1 Introduction

Structural Mechanics: A Quick Review
Finite Element Methods: A Conceptual Intro
Failure Criteria of Materials
Background of ANSYS

Session 2 2D Simulations

Step-by-step: Triangular Plate with slots used in robotic arm
More Exercise : Rack and pinion analysis
More Exercise : Concept of stress concentration
Practice exercise for academics with verification

Session 3 3D Simulations

Step-by-step: Rail wagon Bracket
Step-by-step: Pillow Box
More Exercise : Support Bracket
Practice exercise for academics with verification

Session 4 Line Models

Step-by-Step: 3D Truss Problem
More Exercise: 2 floor structure
Practice exercise for academics with verification

Session 5 Modal Analyses

Step-by-Step: Gearbox
Step - by-Step: 2 floor structure

Session 6 Thermal Analysis

Step-by-Step: Oven Conduction and convection
More exercise: case study on pressure vessel
Coupling analysis : Thermal + structural
