# **Report on Industrial Visit**

## **Industry Name: Navneet Education Ltd**

**Place of Visit: Survey No. 62/2, Khaniwade, Virar(E)**

**Date of Visit: 24<sup>th</sup> September 2019**

Department of Mechanical Engineering of VIVA Institute of Technology, Virar organized an Industrial Visit to “Navneet Education Ltd” at Khaniwade, Virar (E) for the subject Production Planning and Control (Sem VII). The visit was conducted on 24<sup>th</sup> September 2019 for 120 B.E. Mechanical Engineering students and 2 faculty members. 59 students from BE-A division, 53 students from BE-B division and 2 faculties attended the visit.

The company has a large storage area where they store large paper rolls which are further sent for paper cutting process. Huge paper cutting machines are used to cut the paper into sheets which are further stacked over each other and are collected at the outlet. These sheets are further sent for printing process where they make use of silicon stencils which are fitted over a roller and those paper sheets are led to pass through these rollers to get the lines printed. The final paper cutting is done by a slicing machine which consist of blade and metal plate. The metal plate restricts the movement of paper and the blades cuts the paper into the required size eliminating the excess paper. Finally the papers are bound together according to different size to make a notebook. A separate section known as Q table is also present at the plant where final products are inspected. The company manufactures notebooks, scrapbooks, diary, notepads, colouring books, file folders and gift wrapping papers also.
