Name of the Expert Speaker:	Mr. Roselind Varghese
Designation:	Asst. G.M (H.R)
Organization/Institution:	Viva Institute of Technology
Date:	09/10/2018
Time:	10:am onwards

Industry visited Summary/Details: Power System Operation Corporation Limited (POSOCO) POSOCO is a fully government Company. It was separated from power grid on 3 January 2017. It was a wholly owned subsidiary of Power Grid Corporation of India Limited (PGCIL) till 2 January 2017. It was formed in March 2010 to handle the power management functions of PGCIL. It is responsible to ensure the integrated operation of the Grid in a reliable, efficient and secure manner. It consists of 5 Regional Load Dispatch Centers and a National Load Dispatch Centre (NLDC). The subsidiary was eventually made a separate company, leaving the parent firm with only the task of setting up transmission links. The load dispatch functions, earlier handled by PGCIL, has now come up to POSOCO. The educational visit was organized to raise awareness on different type of load consumption by us and what are the effect of load on the power system. Finally we leaved the place at 4:30 pm and concluded the visit.
