To,
Mr. Shital R. Chawre,
Technical Head (Embedded),
Prolific Systems and Technology Pvt. Ltd.,
Plot No. A-267, MIDC, Road No.16 A,
Opp. ESIS Hospital, Wagale Industrial Estate,
Thane (w). 400 604.

Subject: Letter of Appreciation.

Dear Sir,

We are really grateful to you for your valuable time and effort for delivering a lecture on **“Trends in Industrial Automation, Embedded systems & IoT”** for our second year, third year & final year Electronics & Telecommunication Engineering students on 24th July 2019. Your lecture was very informative, knowledgeable and motivating. Our students will cherish your value adding words in their hearts.

Hope for similar support in future too.

Thanking you.

Yours faithfully,

*Recevd
Shital*

Subject: Invitation letter

Dear Yadnesh Mohan Zagade,

We would like to take the opportunity to invite you for a Guest Lecture on
"Future of IoT with Opportunities & Challenges" organized by Department
of Master of Computer Applications & Computer Engineering, VIVA
Institute of Technology on April 2nd, 2022.

We hope, you would be able to be a Guest Speaker for this guest lecture.
The participants and organizers will be benefited a lot from your sessions.
Kindly accept the invitation and grace the occasion.

If you have any queries, kindly contact 95118 78141.

Thanking You,

Dr. Arun Kumar

Subject: Letter of Appreciation

Dear Yadnesh Mohan Zagade,

Thank you very much for delivering an informative & thought-provoking Guest Lecture as Guest Speaker on "Future of IoT with Opportunities & Challenges" held on "April 2nd, 2022, at Department of Master of Computer Applications & Computer Engineering at VIVA Institute of Technology, Shirgaon Campus, Virar East.

It was really a splendid presentation which exposed students to the field practices. All the students appreciated and got benefited from your views on the subject and conceptual & hands-on implementation on "Future of IoT with Opportunities & Challenges".

Thank you for your time & consideration and hope for the similar support & guidance in future also.

Thanking You,

Dr. Arun Kumar

**ISTE APPROVED
ONE WEEK SHORT TERM TRAINING
PROGRAMME ON
AUTOMATION & MONITORING
USING IOT IN
COMPUTER ENGINEERING**

30th June - 5th July 2022

ORGANIZED BY

**COMPUTER ENGINEERING DEPARTMENT
&
DEPARTMENT OF MASTER OF COMPUTER
APPLICATIONS
VIVA INSTITUTE OF TECHNOLOGY**

ABOUT OUR TRUST

Vishnu Waman Thakur Charitable Trust was formed in the year 1988 under the president-ship of Shri Hitendraj Vishnu Thakur, MLA of Vasai Taluka. The trust was formed to handle several concern and to uplift a remote area like Vasai-Virar. The provision of education, medical and social facilities to the residents of such area was the primary focus. For providing educational facility and an opportunity for the students dwelling in the rural belt, in 1989, the trust started a school "UTKARSHA VIDYALAYA". In the year 2000, the trust started a college known as "VIVA COLLEGE". Having updated itself with concerned requirements, the college now provides & different courses, in addition to the traditional courses of the Science, Commerce and Arts Streams.

ABOUT THE INSTITUTION

VIVA Institute of Technology was established in the year 2009 with a definite mission to develop the standard of the institute above benchmark level, providing students with advanced knowledge and latest technology in the chosen discipline by tapping their hidden and obvious potential, molding them into good and responsible citizens by playing a meaningful role in industry and society. The institute is approved by AICTE, New Delhi & DTE, Maharashtra State and affiliated to Mumbai University. The main objective of the institute has always been promoting education at all levels. VIVA institute is well equipped with workshop, laboratories, computer center with latest machineries, tools, instruments, softwares etc.

ABOUT COMPUTER ENGINEERING DEPARTMENT

The computer engineering department was established in 2009. The department offers regular undergraduate program in "Computer Engineering" having intake of 60.

Our vision is to develop competent citizens who will be valuable contributors in the field of technology and science. Our mission is to create an environment which will stimulate research, creativity and innovation and to provide students with comprehensive knowledge of the latest developments in Computer Engineering.

ABOUT THE COURSE

Internet of Things offers advanced connectivity of devices, systems, things and services that goes beyond machine-to-machine communications and requires a variety of protocols, domains for various applications. The IoT will foster the development of a number of applications.

This STTP aims to make the participants realize the importance of IoT and its applications in various fields as well as to demonstrate some demo projects on specific applications. This course also gives an introduction to IoT, so that participants can learn to build their own IoT products for various applications. Expert lectures and hands on sessions are designed with focus on interactive training to the participants with better practical understanding on IOT.

COURSE OBJECTIVES

- ◆ To appraise the participants with the urgent need of IOT
- ◆ To help the participants practically understand components used in IOT and their calibration
- ◆ To provide hands-on training to demonstrate fundamental concepts of IoTs

COURSE CONTENTS

- ◆ Introduction to UOI & IOT
- ◆ Arduino Boards Hardware
- ◆ Buzzer and MOTOR controlling through Arduino
- ◆ IR Sensor
- ◆ Introduction to Pulse Width Modulation
- ◆ Wifi Module ESP-8266
- ◆ Installation of server communication app

ELIGIBILITY

PG students, Research Scholars, Faculty from Engineering, MCA, Management and delegates from industry can attend the programme.

EVENT DETAILS

Date: 30th June – 5th July 2022

Time : 9:00am to 5:00pm

Venue: VIVA Institute of Technology

Shirgaon, Virar(E), District-Palghar,
State-Maharashtra,

REGISTRATION

P.G. Student or Research Scholar : Rs. 500/-

Academicians (Faculty) : Rs. 500/-

Delegates from Industry : Rs. 500/-

Kindly email the Registration Form to the coordinators before the deadline.

Registration fees can be paid through online bank transfer or GPay.

Details for online transfer:

Beneficiary Name: Sunita Vinay Naik

Account No: 003100100052357

Bank Name: Vasai Vikas Sahakari Bank Ltd

Branch: Thakur arcade, Virar west

COMPUTER ENGINEERING DEPARTMENT

Academic Year 2021 - 22

**Report on ISTE Approved One Week Short Term Training Program on
Automation & Monitoring using IOT in Computer Engineering organized by
Computer Engineering Department**

IoT is a giant, digitally connected universe of billions of physical devices around the world; “things” that collect and share data about how they’re used and the environment around them. These objects are embedded with internet connectivity, software, sensors, and other hardware that enable them to connect and exchange data with other systems and devices over the web.

IoT extends the power of the internet beyond smartphones and computers to ordinary household objects such as lightbulbs, locks, smart microwaves, wearable fitness devices, sophisticated industrial tools, and self-driving cars, affording them a higher degree of analytical and computing capabilities.

IoT has many uses; however, it depends on key technologies and components to connect devices to the internet, such as:

- Sensors to collect the data from the environment for the IoT system to process it
- Connection and identification from the device to the IoT system through an IP address
- Actuators that allow the devices to take action based on data from their own sensors and network feedback
- IoT gateway to bridge data from the different devices to reach the cloud. It also translates the devices’ protocols into one standard protocol and filters out unnecessary data from the devices.

- The cloud, where all data from the IoT devices is gathered and processed by software
- User interface, from where users get the data from the devices so that they can make the required commands that the devices need to execute

Automation ties all these components together and ensures that processes work smoothly without the involvement of a human being.

Due to this reason, the Short term training program (STTP) was organized by the Computer Engineering Department, VIVA Institute of Technology. The speaker was from Tech Cryptors, Mumbai.

STTP on Automation & Monitoring using IOT in Computer Engineering

The objective of the ISTE Approved STTP was

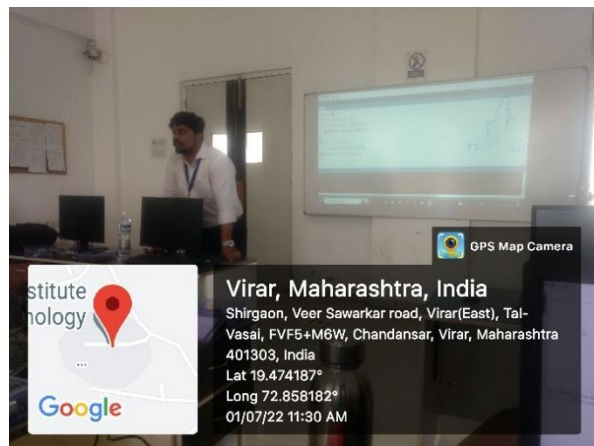

- To appraise the participants with the urgent need of IOT
- To help the participants practically understand components used in IOT and their calibration
- To provide hands-on training to demonstrate fundamental concepts of IoTS

The ISTE approved STTP was conducted from 30th June to 5th July, 2022 in VIVA Institute of Technology, Computer Engineering. The inauguration was attended by Principal Dr. Arun Kumar, Mr. Yadnesh Mohan Zagade.

Sr. No.	Date	Topics Covered
1	30 th June 2022	Introduction to UOI & IOT, practically explored components, sensors, microcontrollers, Arduino Boards Hardware
2	1 st July 2022	Coding for controlling Buzzer through Arduino, Motor driver & architecture of its hardware chip, IR Sensor, Calibration of IR Sensor with different components like LED, RGB, Motor, buzzer etc.
3	2 nd July 2022	Pulse Width Modulation, Calibrating potentiometer with different components like LED, RGB, Motor, buzzer etc.,

		Calibrating ESP 8266 with our Microcontroller by coding our own programs in C Embedded, structure of WiFi breakout board
4	4 th July 2022	Interfacing our complete system with Internet using ESP 8266, Calibrating system with server-based app for reading real time sensor values on.
5	5 th July 2022	Quiz

The speaker was very well received by the attendees. The attendees gave very good feedback to the speaker. A total of 18 participants participated in the One week ISTE approved short term training program.

To

Tech Cryptors,

Mumbai

Respected sir,

We are pleased to inform you that Computer Engineering Department, Viva Institute of Technology, Virar (E), Organized Internship Training Course on UI/UX Designing for duration of TWO DAYS,

On 19/09/2019 and 20/09/2019, which was conducted by TECH CRYPTORS.

We appreciate your training program and efforts of your team in training our students, the quality of training conducted in the areas of new technology in improving the skills of the students are highly commendable.

Most importantly, we thank you for the time, patience, expertise, discipline and all other qualities which had such an important impact on our students. Your contribution for the benefit of the society is Appreciable.

Congratulations again on your excellent work! We at Viva Institute of technology, Virar (E) are deeply grateful.

We look forward to have a strong continued association with your organization.

Thanks & Regards,

Yours truly

1st August 2019

To

Mr. Onkar Nagarkar
Mumbai.

Subject: Appointment Letter

Dear Onkar,
Congratulations!

We are pleased to appoint you as **"Junior Research & Development Engineer."**

Your **Date of Joining** - 5th August 2019.

Work Timing – 9.30 to 6.30

Salary – 12,000 In Hand (Plus Incentives)

Annual Leave – 12

At the time of Joining, you are required to bring following original documents:

- Original Copies of all Education Qualification Certificates with Mark Sheets (10th, 12th, Degree/Diploma/PG etc.).
- Original Experience certificate of past Employments (If Any).
- Photo Copy of Age Proof (Birth Certificate).
- 2 Passport Size Photographs

We welcome you to the **Tech Cryptors** Family and look ahead to a long-term association with you.

***Note:** Above Joining letter is given as per acceptance of Terms & Conditions of company along with Bond, the copy of that is given separately for sign.

Yours Faithfully

Yadnesh Mohan Zagade

Principal
Dr. Arun Kumar

Department of Electronics and Telecommunication Engineering

Nirman_“Arduino Workshop Attendance”

Date		3 rd July 2018.		4 th July 2018		5 th July 2018.		6 th July 2018.		7 th July 2018.	
Topic		Arduino Introduction, Interfacing of Digital I/O.		Arduino Analog I/O, Interfacing of LDR, IR, Ultrasonic & relay module.		Programming for interfacing of temp. Hall effect, flow, Encoder & stepper motor.		Programming & interfacing of SSD 1306 LCD & 4x4 Keypad.		Industry 4.0 & Project guidance.	
Sr. No.	Name of Participant	Session 1	Session 2	Session 3	Session 4	Session 5	Session 6	Session 7	Session 8	Session 9	Session 10
1	Bhushankar Omkar										
2	Naik Soham										
3	Singh Prashant										
4	Solkar Tahmeena										
5	Takshak Aman										
6	Mahyavarshi Kartickumar										
7	Engineer Yoshin										
8	Singh Somya										
9	Maurya Ravi										
10	Yadav Pradeep										
11	Gupta Suraj										
12	Pandey Deepakkumar										
Name & Sign of Speaker											
		Nutan Malekare		Nutan Malekare		Nutan Malekare		Nutan Malekare		Nayan Mistry CEO of NM Technocrafts.
