**BEYOND THE CAMPUS ENVIRONMENTAL  
PROMOTION ACTIVITIES**

Viva Institute of Technology takes immense pride in its initiatives to provide for its student's ample opportunities to become sensitive and sensitized socially responsible evolved citizens. To increase the institute-community interface, the NSS unit of Viva Institute of Technology was embarked upon to enhance the understanding of the finer nuances of village life and to resolve their basic problems by extending a helping hand. This collaboration has given students a better understanding of the environment and concerns towards its protection.

**BEACH CLEANING**

**DHANA PANI BEACH, MALAD WEST MUMBAI**

NSS unit of VIVA INSTITUTE OF TECHNOLOGY AND PHARMACY, VIRAR conducted a BEACH CLEANING DRIVE AT DHANA PANI BEACH, MALAD WEST MUMBAI on **03/01/2020**. A total 18 volunteers participated in the cleaning activity which started **at 8.00 am and completed by 11.00 am**. We completed this Beach cleaning drive under the guidance of AFROZ SHAH who is an INDIAN ENVIRONMENTAL ACTIVIST and lawyer from Mumbai

We gave a big helping hand to clean Dana Pani Beach of Malad. The event was organized with the support of Afroz Shah Organization. The students collected more than 8 sacks of plastic waste from the beach in less than 90 minutes. Ice cream cups, disposable spoons, wrappers of sweets and snacks, broken toys, footwears, thermocol, PET Bottles of water soft drinks and carry bags formed the bulk of waste. The sealed sacks containing the plastic waste was handed over to the corporation waste handling officer for proper disposal

## **BEACH CLEANING AT BHUIGAON BEACH**

**8th January 2020**

VIVA Institute of Technology and NSS unit successfully completed Beach Cleaning at Bhugaon Beach on **8th January 2020**. There were volunteers present for the event. The cleaning was conducted from **7:30 AM to 10:30 AM**. The volunteers were instructed to reach Vasai Railway Station at 7:00 AM and from there on the volunteers reached the location by rickshaw within 20 minutes. A major amount of waste that was collected from the cleaning consisted of polythene bags, food wrappers and glass bottles. Different types of waste that were abandoned, dumped and buried deep into the sands were carefully removed, handled and properly collected by the volunteers. Some of these wastes were very difficult to remove indicating the long period of time for which the waste was buried into the sand. The polythene bags that, at the first instance, looked easy to remove from the surface itself, was actually just 5% of what was entirely and deep-rootedly buried. Unfortunately, wastes like these could not be fully removed, given the depth at which they had sunk into the sand. Instances like these made the volunteers even more aware of the dire fact that beach cleaning was a very important need of the hour.

**NAVAPADA VILLAGE CLEANING (27/02/2020)**

NSS Unit of Viva Institute of Technology joyfully volunteered at the clean-up drive organized by Afro Shah and Eco Awaken Organizations at Navapada, A village in Sanjay Gandhi National Park, Borivali East. All NSS volunteers formed groups and carried out cleaning operations over their allotted areas. Volunteers collected plastic and dry/wet garbage separately. All compostable garbage was buried underground. The non-compostable garbage was taken care of in an eco-friendly manner. the drive started at **2:30pm and was over by 4:30pm**. The event was carried out along with Eco Awaken Group. The volunteers reached the location via walking from Borivali Station (East) which took roughly around 10 minutes. After the briefing the volunteers were divided in sub groups and were taken inside the village for the cleanliness drive, after two hours of dedicated hard work a total of 20 bagful of waste was gathered and disposed of safely with the help of the host i.e. Eco Awaken group, at the end the volunteers were served with refreshments which was indeed much deserved.
