**VIVA Software Solutions Cell**

**Annual Report 2017 – 18**

VIVA Institute of Technology took initiative for developing in-house ERP software with the help of VIVA Software Solution cell in April 2018. Inputs were given to VSS cell for developing examination module as per the requirements of the University of Mumbai.

Initially, VSS cell developed, tested and implemented examination software for preparing the results. During implementation of the examination module of the software, it was noticed that software didn't take care of the ordinances to be used while preparing the final results. Various rules, guidelines and conditions prescribed by the University of Mumbai were considered, while upgrading the software. Framework for developing other modules of software such as library, admission, fees payment, railway concession, leaving certificate, etc. was designed. It was also decided to upgrade the system continuously. VIVA Software Solutions developed Staff & Student Portals.

**Annual Report 2018 – 19**

In the A.Y. 2018-19, Examination cell of VIVA Institute of Technology proposed the requirement of online examination remuneration report generation. VIVA Software Solutions started to design the examination remuneration framework.

Following issues were noticed and resolved: -

1. Fee receipts were wrongly printed for few students. In some cases report was not generated after payment of fees.
2. Duplicate ID generation of student transaction.
