## First-Year Students Induction Program

### ABOUT INSTITUTE:

VIVA Institute of Technology (Approved by AICTE, New Delhi, DTE, Govt. of Maharashtra and Affiliated to the University of Mumbai) was established in the year 2009 under the aegis of Late Shri Vishnu Waman Thakur Charitable Trust with the aim of imparting higher education in Science and Technology to the aspiring young generations so that they can emerge as competent scientists, engineers and technologists of repute.

### ABOUT THE INDUCTION PROGRAMME:

VIVA Institute of Technology, Virar, conducted an induction program for the newly admitted First Year Engineering students for the academic year 2019-2020 at the institute premises from 1<sup>st</sup> August 2019. The aim of the program was to make the students aware of the academic aspects of the course, to acquaint them with the rules and regulations of the Institute, and to give them a bird's eye view regarding the various magnitudes of engineering and its related career opportunities.

The induction program was brought in with a view to making newly joined students feel comfortable and helping them to adjust to the transition from school education to the hard-core engineering. The induction program is designed to help learners with diversified thoughts, and environment to adjust to the new surrounding and inculcate the code of ethics of the institution with a sense of higher priority. VIVA Institute of Technology has conducted a 21days induction program with the objective to provide students ample time and opportunities to adjust to the transition phase of school education to engineering.

20 students. Then mentors explained the necessity of mentoring and the roles & responsibilities of both Mentors and mentees.

## • DIAGNOSTIC TEST

A diagnostic test was conducted to check the basic knowledge of students in English, Mathematics, and Computer Proficiency. The test comprises 25 MCQ for 25 Marks to assess students' proficiency in the respective subjects.

## • FAMILIARIZATION WITH THE DEPARTMENT AND INSTITUTE

The Head of all Departments briefed students about infrastructure and various facilities available at the departments. The mentors toured the students for their specific departmental visit, as well as the library, canteen, gymkhana, and other available institute amenities to get Familiarize themselves with the institute as a whole.

## • YOGA SESSIONS

Yoga is an invaluable gift of India's tradition. Regular practicing of yoga helps an individual to achieve self-control for a better life, physically, mentally, and spiritually as well. A Yoga session was carried out for the first-year engineering students on all induction days. Warm-up exercises were taken. The students were demonstrated various asanas followed by Omkar chanting. Along with this, students were also provided with YouTube links to different yoga-related videos.

## • UNIVERSAL HUMAN VALUE SESSION

The need to value education and its process has gained the utmost importance in today's era. The Universal Human Values session was conducted for the holistic development of the students and to be a good human being for the betterment of society and for the universe as a whole. Through the session, they could able to understand the process of Self Exploration with basic human life aspirations. It was for the purpose of familiarizing participants with Human Values and Professional Ethics and generating interest in value-based living.

## About Institution from the Principal's Desk

VIVA INSTITUTE OF TECHNOLOGY established in the year 2009, nurtures a unique system of education for creating dynamic leaders in the corporate sector, entrepreneurs, academicians, researchers, and professionals who contribute to the development of society and the nation at large. It has an aesthetically designed and elegantly built campus furnished with state of art equipment and facilities. The campus has an ambiance that motivates students to grow as enlightened human beings. Here, education is not only focusing on 4 years B.E. degree course but also creating for the students a platform to realize their dreams, hone their cognition, sharpen their competence, and carve out a wholesome personality. This institute believes in empowering young students through a rigorous curriculum, student participation in R & D, a mentor system, value-added programs, and strong industrial interfaces. Value-based education approach is adopted by this institute for instilling principles and exemplary standards of discipline among the students through an organized structure to produce professionals of global excellence. The accomplished team of professors, groom and guide students to the best of their capacity. They work most diligently towards synergizing theoretical knowledge and practical skills to promote all-around professional competence.

*Course Outcomes*

Name of the faculty: Prof. Ratil Pratibha Maruti  
Name of the subject: Structural Analysis II  
Subject code: CE C 501

Subject Code	Outcomes
CE C 501-1	To analyse the statically determinate structure with reference to the variation in the temp.
CE C 501-2	To understand the concept of static & kinematic indeterminacy of structure.
CE C 501-3	To understand concepts, methods, sub-methods involved in the analysis of indeterminate structure for analysing indeterminate structures to evaluate the response of structures in the form of bending moment, shear force.
CE C 501-4	To study two hinged arches, plastic analysis.

SEMESTER	V	CLASS	T.E-Electrical
COURSE NO.	EEC501	ACADEMIC YEAR	2018-19
COURSE NAME	POWER SYSTEM -II		
NAME OF FACULTY	MUKESH MISHRA		

**COURSE OBJECTIVE**

CEO1	To impart knowledge on transmission line operation during fault.
CEO2	To study power system transients and insulation co-ordination.

**COURSE OUTCOMES**

At the end of the course student will be able to:

EEC501.1	To understand different kind of faults on transmission line.
EEC501.2	To analyse symmetrical fault
EEC501.3	To analyse symmetrical components and unsymmetrical faults.
EEC501.4	To illustrate and analyse power system transients
EEC501.5	To understand insulation co-ordination in power system.
EEC501.6	To understand and analyse corona on transmission line.
