Department of Mechanical Engineering

2 days Online Student Workshop:	Non-Destructive Testing Methods
Name of the Guest Speaker:	Mr. Mansur Ali
Designation:	Safety Engineer.
Organization/Institution:	Metal Safety Engineering Pvt Ltd.,Mumbai
Date:	30th September and 1st October 2021
Time:	9.30 am Onwards

Programme Summary/Details:

The two-day online student workshop on "Non-Destructive Testing Methods" organized by the Department of Mechanical Engineering provided participants with a comprehensive overview of various NDT techniques. The workshop equipped students with the knowledge and skills to apply these methods effectively in industrial settings, ensuring the integrity and safety of materials and structures. Participants learned about industry standards, protocols, and best practices to ensure accurate and reliable testing results while maintaining a safe working environment. The workshop also addressed the ethical considerations of NDT, emphasizing the responsibility of professionals to adhere to codes of conduct and maintain confidentiality. By fostering an interactive learning environment, the workshop empowered participants to become proficient in non-destructive testing and contribute to the advancement of quality assurance practices in the field of mechanical engineering.
