Department of Mechanical Engineering

Guest Lecture:	Kaizen
Name of the Guest Speaker:	Mr. Faizal Shaikh
Designation:	Owner
Organization/Institution:	Factories of Future
Date:	13/03/2019
Time:	10.00 am Onwards

Programme Summary/Details:

The Department of Mechanical Engineering organized a guest lecture on "Kaizen." The lecture focused on providing insights into the principles and methodologies of Kaizen, which is a philosophy of continuous improvement. The guest speaker discussed the significance of Kaizen in enhancing productivity, quality, and efficiency in various industries. During the lecture, the speaker explained the fundamental concepts of Kaizen, such as waste reduction, standardized work, and employee involvement. They highlighted the practical implementation of Kaizen tools and techniques, including 5S, Kanban, and Kaizen events. The lecture also emphasized the role of Kaizen in fostering a culture of continuous improvement and employee empowerment. Participants gained a deeper understanding of how Kaizen can be applied to streamline processes, eliminate waste, and drive innovation. The lecture also highlighted the benefits of Kaizen in terms of cost reduction, improved customer satisfaction, and overall organizational success. Overall, the guest lecture provided valuable insights into the principles and practices of Kaizen, equipping students with a broader understanding of continuous improvement methodologies and their applications in various industries.
