Dear Team,

PFA the login IDs and Password for an aptitude mock specially designed for engineering students. Kindly distribute these IDs among your students. It is only one student per ID, because the test can only be only taken once. The mock covers questions that are commonly asked in top-rated companies. The paper also includes latest trend changes and expected new question formats based on industry inputs. So you can be rest assured that your students will be abreast with the ever changing recruitment scenario.

Please click on the below link to go to our online test platform:
Student Login:
URL : <http://app.campuscredentials.com>

We know you want the best for your students and we strive to provide just that. With our set of papers, your students will not just beat the competition, but become the competition. Let us turn aptitude to a selection round and not an elimination round.

Note : The Login Id is generated as per the list given.

Thank you.

Bhushan Talekar
