Department of Master of Computer Applications

Topic Name:	Data Visualization and Analytics Using Tableau and Power BI
Name of the Guest Speaker:	Mr. Yadnesh Mohan Zagade.
Designation:	C.E.O & Founder Tech Cryptors
Organization/Institution:	Tech Cryptors
Date:	1/11/2022 to 5/11/2022
Time:	10.00 Onwards

Programme Summary/Details: This Workshop was conducted to enhance Knowledge of Big Data Visualization Tool Tableau and Power BI .Data Visualization with Tableau and Power BIIntroduction: Data visualization plays a pivotal role in extracting meaningful insights from complex datasets. This report explores the capabilities of two leading tools in this domain: Tableau and Power BI, highlighting their features, applications, and comparative advantages.1. Tableau: Tableau is renowned for its intuitive interface and powerful visualization capabilities. Its drag-and-drop functionality enables users to create interactive and dynamic visualizations without extensive coding. Tableau supports a wide range of data sources, fostering seamless integration.2. Power BI: Power BI, a Microsoft product, offers robust data connectivity and a user-friendly interface. Integration with other Microsoft products enhances collaboration and accessibility. Power BI's DAX (Data Analysis Expressions) language allows for sophisticated calculations, contributing to in-depth analysis. Workshop was Informative.
