Report on Event(Imperia 2024) 2023-24

Date: 5ᵗʰ APRIL 2024

Time: 9.30 AM onwards

Venue: VIVA Institute of Technology

Event: Imperia 2024

The CSI-VIVA successfully organized the event on **"Imperia 2024"** at the Computer Engineering Department, VIVA Institute of Technology. Imperia is a place where our department's students present their major and mini projects. It provides students with an excellent opportunity to expand their stockpile of skills while also boosting their confidence with the aim of encouraging innovative and practical projects among students. Our team participated in the competition with a project titled. The event was conducted for the students to share their technical knowledge to our judges and faculty members

This programme was initiated by CSI-VIVA, and it's been for the fourth year in a row. The participants were required to submit their abstracts beforehand, and the final selection was made based on the relevance. The project was allocated 5 minutes, and further with questions and answers by the judges. The judges were impressed with the quality of the innovative project and praised the participants. The judges also provided constructive feedback to the participants to help them improve their future projects. The intercollegiate project competition was an excellent opportunity for students to showcase our skills and learning. It not only allowed them to present our project to a wider audience but also gave them an opportunity to learn from the other participants' projects.

Overall, the intercollegiate project competition was a valuable learning experience for the team, and gained new insights and skills that they will carry with them throughout their academic and professional journey. There was a large participation from department staff and students of S.E,T.E and BE Computer Engineering.

Overall it was a Knowledgeable Event.

Thanking You
