Designation:	Company Director
Organization/Institution:	Padmakar House, Near Vitthal Mandir, Virar(W) Palghar - 401303
Date:	04 March 2024.
Time:	11:00 am – 01:00 pm

Programme Summary/Details:

The department of CSE(AI&ML) Engineering of VIVA institute of technology organised a guest lecture on "**Backend Web Development**". 52 students from the II year students of CSE department participated in the event. The aim of this guest lecture was to provide knowledge about how web development takes place which would benefit them in their project. Backend Development involves the logic, database, and other operations that are built behind the scenes to run the web servers efficiently. Backend Development refers to the server side development of the web application. It is the part of the application where the server and database reside and the logics is built to perform operations. It includes the main features and functionalities of the application on the server.
