Dear Sir,

We are really grateful to you for your valuable time and effort for delivering a session on "**The extension of Networking- Origin in Cyber Security**" for our Electronics & Telecommunication Engineering students on 28<sup>th</sup> February 2024. Your session was very informative, knowledgeable and motivating. Our students will cherish your value adding words in their hearts.

Hope for similar support in future too.

Thanking you.

### Programme Summary:

The guest session on Cyber security - The Extension of Networking for Students was successfully achieved its objectives by providing a holistic understanding of cyber security in the context of networking. Participants left with enhanced knowledge and a heightened awareness of the critical role cyber security plays in the engineering landscape. The event served as a stepping stone for students to delve deeper into the realm of cyber security and its applications in the evolving field of engineering.

The department of Electronic & Telecommunication Engineering express gratitude to the teachers and students for their contributions to the success of the guest lecture. The positive feedback received encourages future initiatives to continue empowering engineering students in the realm of cyber security.

Thanking you,

## ELECTRONICS AND TELECOMMUNICATION DEPARTMENT

**Topic Name:** Workshop on Machine Learning and Deep Learning  
**Name of the Guest Speaker:** Mr Ankit Kumar, Application Engineer for MathWorks  
**Name of the Company:** Design Tech Pvt Ltd (Pune)  
**Date:** 27<sup>th</sup> and 28<sup>th</sup> July 2023  
**Time:** 10:00 am to 4:00pm

### Programme Summary:

On 27<sup>th</sup> July 2023 the department of ELECTRONICS AND TELECOMMUNICATION ENGINEERING had organised a 2 day workshop on "MACHINE LEARNING AND DEEP LEARNING USING MATLAB". On day one speaker MR. ANKIT KUMAR started the session by introducing the basics of machine learning and deep learning. The workshop was conducted over a period of 2 days, with each day covering specific topics related to machine learning and deep learning. The content was structured as follows:

#### **Day 1:**

Introduction to Machine Learning: Overview of supervised, unsupervised, and reinforcement learning, and their applications.

Data Pre-processing: Techniques for data cleaning, feature engineering, and data transformation.

Linear Regression: Theory and hands-on implementation of linear regression for predictive modeling.

Logistic Regression: Application of logistic regression for binary classification problems.

#### **Day 2:**

Introduction to Deep Learning: Explanation of neural networks and their components.

Building Neural Networks: Hands-on practice on creating neural networks using a deep learning framework.

Convolutional Neural Networks (CNNs): Understanding CNN architecture and image classification tasks.

Recurrent Neural Networks (RNNs): Application of RNNs in natural language processing.

Transfer Learning: Leveraging pre-trained models for specific tasks.

Reinforcement Learning: Introduction to reinforcement learning and its applications.

The Workshop on "Machine Learning and Deep Learning using MATLAB" organized was a resounding success, achieving its intended objectives of introducing participants to the world of machine learning and deep learning. The content was well-structured, and the combination of lectures, hands-on exercises, case studies, and group projects ensured a comprehensive learning experience for all attendees.

### Digit Recognizer Example

Goal: Create a CNN network from scratch to classify digit

- Build initial models without any coding
- Don't need to be a DL expert

Data: The MNIST data set consists of 70,000 handwritten digits split into training and test partitions of 50,000 and 10,000 images, respectively. Each image is 28-by-28 pixels and has an associated label denoting which digit the image represents (0-9).

Approach:

- Load data in MATLAB
- Build and Train the CNN
- Test model on new images

Input Image: 5

Neural Networks

Output: 0, 1, 2, 3, 4, 5, 6, 7, 8, 9

Topic Name:	Lecture on "How to Prepare for IT Job Opportunities"
Name of the Guest Speaker:	Shoeb Shaikh
Designation:	Head - Learning & Development   Automation Test Engineer
Organization/Institution:	TESTRIQ, Mira Road
Date:	6 <sup>th</sup> September 2023
Time:	3:30pm to 4:30pm

### Programme Summary / Details:

On 6<sup>th</sup> September 2023 the department of ELECTRONICS AND TELECOMMUNICATION had organised a lecture on HOW TO PREPARE FOR IT JOB OPPORTUNITIES by Shoeb Shaikh, Head of QA lab, TESTRIQ Mira Road.

The lecture began with an overview of the IT industry's current landscape. Shoeb Shaikh sir highlighted the various domains within IT, including software development, cybersecurity, data analysis, and more. This introductory segment aimed to help attendees identify their specific interests and career goals within IT.

The speaker emphasized the importance of continuous skill development in the rapidly evolving IT field. Attendees were encouraged to identify the specific technical and soft skills required for their chosen IT domain. Suggestions were provided on how to stay updated with the latest industry trends and technologies through online courses, certifications, and networking.

Shoeb Shaikh sir provided valuable insights into crafting an effective IT resume. Attendees learned about the importance of tailoring their resumes to match job descriptions, highlighting relevant skills and experiences, and showcasing personal projects or open-source contributions. The lecture also stressed the significance of creating an appealing online presence, such as a LinkedIn profile and personal website.

The lecture dedicated a significant portion of time to interview preparation. Attendees were given tips on how to prepare for technical interviews, including practicing coding challenges and system design questions. Additionally, guidance was provided on mastering behavioural interviews by preparing compelling stories that demonstrate key competencies.

Shoeb Shaikh sir emphasized the value of networking in the IT industry. Attendees learned how to build professional networks through platforms like LinkedIn, attending conferences, and joining relevant forums or user groups. Strategies for effective job searching, including leveraging job boards, company websites, and professional connections, were also discussed.

The lecture concluded with a focus on soft skills and professionalism. Shoeb Shaikh sir highlighted the importance of effective communication, teamwork, problem-solving, and adaptability in the IT workplace. Attendees were encouraged to work on these skills alongside technical expertise. The lecture concluded with an engaging Q&A session, where attendees had the opportunity to ask questions and seek clarifications on various topics related to IT job preparation.

to prafulla.patil, Bhushan

Respected Prof. Prafulla Patil,

My name is Prof.Mukeshkumar Mishra, and I represent VIVA Institute of Technology, Electrical Department. I am writing to extend a formal invitation to you to be a guest lecturer for an upcoming event focusing on the topic of Siemens PLC (Programmable Logic Controller) programming.

Siemens PLC programming is a critical aspect of modern industrial automation and control systems, and your expertise in this field is widely recognized. Your knowledge, research contributions, and practical experience make you an ideal candidate to address our audience, which comprises students, professionals, and industry experts eager to learn more about this subject.

Here are the details of the event:

Event Title: Siemens PLC Programming: Advanced Techniques and Applications

Date: 27/09/2023

Time: 11.00am

Location: VIVA institute of technology, electrical department , virar east

The format of the event will include a lecture delivered by you, followed by a Q&A session. We anticipate that your insights into Siemens PLC programming will provide valuable information and insights to our participants.

Your lecture can cover a range of topics, including but not limited to:

Introduction to Siemens PLC systems

PLC programming languages (Ladder Logic, Function Block Diagram, etc.)

Advanced programming techniques

Case studies and real-world applications

Best practices and troubleshooting

We understand the importance of your time, and we would be pleased to discuss any specific requirements or preferences you may have regarding the lecture duration, or other logistics.

### Programme Summary/Details:

The Department of Mechanical Engineering had the privilege of hosting Mr. Sainath Phaujdar for a guest lecture on "Industrial Automation." The event targeted third-year and final-year engineering students, aiming to bridge the gap between academic knowledge and real-world industrial practices. Mr. Phaujdar, a renowned expert in the field, shared his extensive knowledge and experience, providing valuable insights into the evolving landscape of industrial automation.

### **Key Components of Industrial Automation:**

- The lecture detailed various components integral to automation systems, including sensors, actuators, controllers, and software.
- Mr. Phaujdar emphasized the role of Programmable Logic Controllers (PLCs) and Human-Machine Interfaces (HMIs) in achieving seamless automation.
- He explained how these technologies enable predictive maintenance, real-time monitoring, and data-driven decision-making.
- He also provided insights into future trends, including the rise of smart factories, the integration of 5G technology, and the increasing importance of sustainability in automation practices.

### Programme Summary/Details:

Mr. Plavila commenced his lecture by providing an in-depth overview of the HVAC industry. He elaborated on the significance of HVAC systems in various sectors, emphasizing their role in ensuring indoor air quality, thermal comfort, and energy efficiency. The lecture delved into the technological advancements transforming HVAC systems. Mr. Plavila discussed the integration of IoT (Internet of Things), smart sensors, and automation in HVAC, highlighting how these innovations optimize energy consumption and enhance system performance. He emphasized the importance of staying updated with these advancements for aspiring HVAC professionals.

One of the focal points of the lecture was the diverse career pathways available in the HVAC industry. Mr. Dsouza outlined various specializations such as HVAC design, installation, maintenance, and energy auditing. He also discussed the demand for experts in green building technologies, emphasizing the role of HVAC engineers in sustainable architecture.

He encouraged students to focus on continuous learning and skills enhancement. He highlighted the value of certifications and training programs offered by industry organizations. Additionally, he emphasized the significance of honing soft skills such as communication, teamwork, and project management, which are crucial in the professional world.

Dear,  
Amey Raut Sir.

The subject of writing this mail is to inquire about the details of the seminar to be conducted on 7th August 2023 at VIVA Institute of Technology.

As we discussed previously, for the seminar on 'Building the gaps between industry and academia' (7th August 2023, 2:00 pm onwards.) for Second year & Third year Engineering Students.

For this seminar, there will be around 100-120 students from engineering (SE & TE) and the seminar will work for about 1hr.

Do Provide Us With More Formal Information About The Speaker, If Any.

Thank you and best regards,  
CSI VIVA-Tech,  
Computer Engineering Department,  
VIVA Institute of Technology, Virar.

## **Report on Event(Monthly Event-I)-2023-24**

Date: 07<sup>th</sup> AUGUST 2023

Time: 1.30 PM onwards

Venue: VIVA Institute of Technology

Event: Seminar: Seminar on Building gaps between industry and academia

Total Participants: 67+40=107

The CSI-VIVA successfully organized the seminar on **“Building gaps between industry and academia”** at the Computer Engineering Department, VIVA Institute of Technology. The lecture was conducted by “Mr. Amey Raut”. He is a serial entrepreneur, Founder of OTET infosystems and Director of TechTantra Automation Pvt Ltd. He has achieved a Master of Science in Management of Technology and a Master of business administration(MBA in general ) from Murray State University, Kentucky, USA. His software development company OTET infosystems which he started along with his partner Parag Nerurkar back in 2017. OTET infosystems is well known to its customers for excellent mobile applications and website development. OTET infosystems has developed more than 600+ websites and 50+ more mobile applications in the last 7 years. OTET has a strong team of 15 developers. Mr. Amey Raut’s another company Techtantra Automation pvt ltd is into IOT and electronics related product development. Recently their home automation products division which they have developed completely in house has been acquired by Pune based mnc. Techtantra has a product called Mobi Pump which helps farmers to turn On and Off their water pump from anywhere in the world. The Mobi Pump product is very helpful to farmers and it has gained popularity among farmers across India since 2020. He is a proud member of Rotary club of Palghar. He is currently president of Business Network International (BNI) Virar division.

He covered all the points from the very basics, starting by explaining to the students about the importance of industry and academia .There was a large participation from students of S.E and T.E of Computer Engineering.

Overall it was an Informative Event.

Thanking You

Date: 09<sup>th</sup> and 10<sup>th</sup> AUGUST 2023

Time: 8:45 AM onwards

Venue: VIVA Institute of Technology

Event: ALGORITHMIC FOUNDATIONS: OOP AND ALGORITHMS

Total Participants: 49 (Day1), 37(Day2)

The CSI-VIVA successfully organized A two day workshop on “**ALGORITHMIC FOUNDATIONS: OOP AND ALGORITHMS**” at the Computer Engineering Department, VIVA Institute of Technology. The lecture was conducted by “Prof. Smita Sankhe”. She is working in the department of Computer Engineering at K.J. Somaiya College of Engineering from the last 17 years as an assistant professor. Her areas of interest include Programming, Algorithm Analysis, Machine Learning, Deep Learning, and Data Science. She has guided more than 30 undergraduate and 10 Post-graduate projects in a variety of thrust areas. In the past, she has completed research projects funded by Mumbai University. In addition, she has published two copyrights under the government of India in the field of Machine Learning. She has published over 25 research papers in reputed international and national journals and conferences. She is pursuing her Ph.D. in Machine Learning and Deep Learning.

She covered all the points from the very basics, starting by explaining to the students about the algorithm. There was a large participation from students of S.E of Computer Engineering Overall it was an Informative Workshop.

Thanking You

Event: WORKSHOP: PYTHON FOR DATA SCIENCE

Total Participants:24

The CSI-VIVA successfully organized A two day workshop on “PYTHON FOR DATA SCIENCE” at the Computer Engineering Department, VIVA Institute of Technology. The lecture was conducted by “Prof. Shraddha More”. She is an Assistant Professor and Deputy HOD at St. John College of Engineering and Management, pursuing a Ph.D. in Technology. Her research interests include on-device machine learning, computer vision, data science, machine learning, internet programming, Python programming, network security, digital logic design, big data analytics, and MERN/MEAN stack development. She has 11 years of academic experience, at St. John College of Engineering and Management, and Universal College of Engineering, Vasai. She is a life member of ISTE and IAENG and has published in various journals and conferences. Her research has been published in various journals, such as Flusser Studies, GIS Science Journal, Compliance Engineering Journal, IOSR Journal of Computer Engineering.

She covered all the points from the very basics, starting by explaining to the students about Python. There was a large participation from students of T.E of Computer Engineering Overall it was an Informative Workshop.

Respected Sir,

We are grateful to you for your valuable time and efforts in conducting a workshop on "Language Independence" for Second Year and Third Year students of the Department of Computer Engineering for Five days from 9/10/2023 to 13/10/2023. Your workshop was very much informative, knowledgeable, and motivating. Our students will cherish your value-adding words in their hearts.

Hope for similar support in future too.

Thanking you.

Date: 27<sup>th</sup> SEPTEMBER 2023

Time: 11.00 AM onwards

Venue: VIVA Institute of Technology

Event: Seminar: Seminar on Importance of technical communities

Total Participants: 44

The CSI-VIVA successfully organized the seminar on **“Importance of technical communities”** at the Computer Engineering Department, VIVA Institute of Technology. The lecture was conducted by “Mr. Saksha Gotad”. He is a student of TE computer engineering at VIVA Institute of Technology. He actively participated in technical communities and seminars outside the college and was enthusiastic to share his experience with his juniors in the department.

He covered all the points from the very basics, starting by explaining to the students about the importance of involvement in technical communities and making contacts with industry experts in the field. There was a large participation from students of S.E of Computer Engineering.

Overall it was an Informative Event.

The CSI-VIVA successfully organized the seminar on **“Data Science and Generative AI”** at the Computer Engineering Department, VIVA Institute of Technology. The lecture was conducted by “Mr. Shoeb Shaikh and Miss. Esha Prakash”. Shoeb Shaikh is a highly experienced professional with a Master of Engineering degree from Mumbai University and over 12 years of diverse experience across multiple fields. Presently, he holds the position of Automation Test Engineer and Learning and Development Head at Testriq QA lab, LLP. His expertise spans various domains, including Manual Testing, API Testing, Automation Testing, Data Science, and Machine Learning. He is deeply involved in ensuring the quality and efficiency of software testing processes while also spearheading initiatives for learning and development within the organization. Esha Prakash is a B.Tech graduate from SRM Chennai with six years of experience in the field of Data Science. She has a diverse professional background, having worked as a Data Scientist at LTI and as a Data Science expert for various renowned brands, including the Bombay Stock Exchange. Currently, Esha is associated with Testriq QA lab, LLP, where she oversees the Data Science and Data Analytics Department. Her domain interests include Big Data Analytics, Machine Learning, Natural Language Processing, Generative AI, Prompt Engineering, and Big Data. Additionally, Esha is an author and has written the book 'Love Peace Joy Light', available worldwide on Amazon as an eBook.

They covered all the points from the very basics, starting by explaining to the students about the importance of data science and generative AI .There was a large participation from students of S.E, T.E and B.E of Computer Engineering.

Overall it was an Informative Event.

### Notice

Ref No. VIT/COMP/72/2023-2024

Date:1/03/2024

All students of **SE, TE, and BE** are hereby informed that the Department of **Computer Engineering** is organizing a **Guest Lecture on Renewable Sources of Energy** by **Mr. Rahul Abhyankar**. The details of the Guest Lecture are as follows:

**Date:** 4<sup>th</sup> March 2024

**Time:** 9:00 AM to 11:00 AM

**Class:** SE, TE and BE

(Prof. Janhavi Sangoi)  
**In-charge Head**  
**Department of Computer Engineering**

## **Report on Seminar (Renewable Sources of Energy) 2023-24**

Date: 4th March 2024  
Time: 09:00 am  
Venue: VIVA Institute of technology  
Event: Seminar on Renewable Sources of Energy  
Total Participants: 106 students

Our department had successfully organized a guest lecture on “ **Renewable sources of Energy**” at the Computer Engineering Department, VIVA Institute of Technology. The lecture was conducted by “Prof. Rahul Abhyankar”. Through this guest lecture students learnt about how resource management is important for human beings. Objective of the guest lecture was to give the students the basic knowledge about Solar thermal energy applications. He covered FOUR main topics on how we can manage resources which were Solar liquid flat plate collector, Solar Air Heater, Solar Ponds, Main components of Wind Energy, Micro Hydro Power Plant and how it works. He explained each of them very thoroughly and was easy to understand along with diagrams and presentations . Many students from S.E, T.E and B.E attended the guest lecture. The overall guest lecture was very informative for the students.

Thanking You.

Event: Seminar on Advanced Microprocessors

Total Participants: 59

The CSI-VIVA successfully organized the seminar on “**Advanced Microprocessors**” at the Computer Engineering Department, VIVA Institute of Technology. The lecture was conducted by “Dr. Sunny Sall”. He is an Assistant Professor at St. John College of Engineering and Management, the individual likely holds an academic position focused on teaching, research, and potentially serving within the institution. He has conducted several research papers to discover new things in their field and share their findings with others. He will share his expertise in the field of microprocessors.

He covered all the points from the very basics, starting by explaining to the students about the importance of Advanced Microprocessors. There was a large participation from students of T.E and B.E of Computer Engineering.

Overall it was an Informative Event.

## Subject: Letter of Appreciation

Dear Sir,

Thank you very much for delivering an informative & thought-provoking session as Guest Speaker on "2-Days Workshop on "Programming Concepts using Advanced Java" held on "23<sup>rd</sup> & 24<sup>th</sup> November 2023" at VIVA Institute of Technology, Department of Master of Computer Applications, Shirgaon Campus, Virar East.

It was really a splendid presentation which exposed students to the field practices. All the students appreciated and got benefited from your views on the subject and conceptual & hands-on implementation on "Advanced Java".

Thank you for your valuable time & consideration and hope for the similar support & guidance in future also.

Thanking You,

24.11.2023
