Department of Mechanical Engineering

Report on Farewell Celebration for 2024-25 Batch

Date: 30th April 2025

Description:

On **30th April 2025**, the **Mechanical Engineering Students' Association (MESA)** organized a warm and memorable **Farewell Celebration** for the outgoing batch of the **Academic Year 2024-25**. The event, hosted by the third-year students, was filled with joy, emotions, and nostalgic moments, making it a day to be remembered by all. The program began with a cheerful welcome, followed by a series of **fun games** that created an energetic and lively atmosphere. Students actively participated, and the hall echoed with laughter, reflecting the strong bonds shared among them. The celebration continued with a **cake-cutting ceremony**, symbolizing unity and marking the joyous occasion. One of the most emotional highlights was the **farewell video display**, carefully prepared by the juniors, which showcased the journey of the seniors from classroom activities to events and cherished memories.

The seniors also took the opportunity to share their **experiences**, expressing gratitude towards the faculty, staff, and their peers while offering words of advice and encouragement to their juniors. Their reflections added depth and meaning to the event. As a thoughtful gesture, each final-year student was presented with a **framed group photograph** of their class as a keepsake, symbolizing the memories and friendships that will last a lifetime.
