### Programme Summary/Details:

The Department of Master of Computer Applications successfully organized a 5-day workshop titled "React Native for Beginners: Build Your First Mobile App", featuring Mr. Navneet Maurya as the esteemed speaker. The workshop provided a comprehensive exploration of React Native, covering both foundational principles and advanced development techniques essential for modern mobile app creation. Mr. Navneet Maurya delivered engaging and insightful sessions, seamlessly integrating theoretical concepts with practical demonstrations tailored to real-world React Native applications. Participants had the opportunity to gain hands-on experience through interactive coding exercises and implementation tasks, further reinforced by a dynamic Q&A session. The workshop not only enhanced attendees' technical proficiency in React Native but also effectively bridged the gap between academic learning and industry practices, empowering them to build robust cross-platform mobile applications.
