Programme Summary/Details:

The CSI-VIVA TECH organized an industrial visit for the second-year Computer Engineering students to "RAW Engineering Pvt. Ltd.," a prominent software company. The purpose of the visit was to give students direct exposure to the operations of a software-driven industry, where they had the chance to engage with industry professionals and learn about real-world applications of software development, project management, and innovation. The visit proved to be a valuable experience, broadening the students' understanding of the software industry and motivating them to consider potential career paths in this field.
