

REPORT

Topic Name: Expert Talk on "Natural Environment Protection & Humanity Development"

Name of the Guest Speaker: Mrs. Aasiya Rizvi

Designation: National Lady Secretary, Natural Environment Protection & Humanity Development (NGO)

Organization/Institution: Natural Environment Protection & Humanity Development (NGO)

Date: 02/04/2025

Time: 1.30 PM TO 3..30 PM

Participant details: 108 Students and 7 Faculties

Objectives:

1. To educate the audience about the connection between human growth and environmental issues.
2. To emphasize attention to how crucial environmental preservation is to the welfare of present and future generations.
3. To raise consciousness about certain environmental issues that affect Virar and Maharashtra, like pollution, resource depletion, and the effects of climate change.
4. To spread awareness of sustainable development and its advantages for people and the environment.

Outcomes:

1. By highlighting the importance of sustainable development, the discussion can inform attendees on the links between environmental issues and human well-being.
2. The understanding is useful and relevant since the expert can shed light on the distinct environmental potential and challenges in Virar and the surrounding area.
3. This event may be used as a forum to increase public awareness of environmental problems and the necessity of sustainable practices, which may result in changes in behavior.

Programme Summary/Details:

On Wednesday, April 2nd, 2025, the Department of Humanities and Applied Sciences, in collaboration with the Environmental Awareness Committee of VIVA Institute of Technology, hosted an expert talk titled "Natural Environment Protection & Humanity Development." The session featured Mrs. Aasiya Rizvi, the National Lady Secretary of the Natural Environment Protection & Humanity Development Organization, as the resource person. Mrs. Rizvi provided valuable insights on simple measures individuals can take to protect the environment and emphasized the crucial role each person plays in environmental conservation. The talk was enlightening and left a lasting impact on all engineering students in attendance.
