Department of Computer Science Engineering (AI & ML)

Topic Name:	Hands-On Web Development
Name of the Guest Speaker:	Mr. Alvin R. Prajapati,
Designation:	Company Director
Organization/Institution:	Padmakar House, Near Vitthal Mandir, Virar(W) Palghar - 401303
Date:	14 August 2024
Time:	11:00 am – 04.00 pm

Programme Summary/Details:

The department of CSE(AI&ML) Engineering of VIVA institute of technology organised a Workshop on "**Hands-On Web Development**". 20 students from the II year students of CSE (AI&ML) department participated in the event. The aim of this guest lecture was to provide knowledge about how web development takes place which would benefit them in their project. Hands-On Web Development involves the logic, database, and other operations that are built behind the scenes to run the web servers efficiently. Hands-On Web Development refers to the serverside development of the web application. It is the part of the application where the server and database reside and the logics is built to perform operations. It includes the main features and functionalities of the application on the server.

Objectives:

- I. Working with HTML, CSS, and JavaScript to create visually appealing and interactive web pages.
- II. Ensuring websites are optimized for different screen sizes and devices.
- III. Learning how to troubleshoot errors and enhance web performance.

Outcomes:

- I. Ability to write clean, functional code using HTML, CSS, JavaScript, and relevant frameworks.
- II. Understanding of UI/UX principles to create aesthetically pleasing and user-friendly websites.
- III. Insight into both front-end and back-end development, allowing for end-to-end website creation.

Course Coordinator: Karishma Raut & Minakshi Gaonkar
