Programme Summary / Details:

The EXTC Department successfully organised the programme “**The Modern Engineers Success**” inspired students with real-life engineering journeys, emphasizing innovation, perseverance, and technical skills. Speakers shared challenges, contributions, and career insights. Students participated in interactive sessions and explored **LinkedIn hacks** to build professional profiles and network effectively. A brief introduction to **machine learning** showcased simple applications for problem-solving and data-driven decisions. The event bridged classroom learning with practical tools for professional growth.

The programme “The Modern Engineers Success” proved to be an enriching and motivational experience for all participants. It successfully highlighted the role of engineers as innovators, leaders, and problem-solvers, while encouraging students to strive for excellence in their academic and professional lives. The event not only celebrated engineering success but also instilled in students the determination to work towards building a better future.
