Programme Summary / Details:

TV9 Marathi is a 24×7 **Marathi-language news channel** based in **Mumbai, Maharashtra**. It focuses on local, state-level and national news, delivered in Marathi. It is part of the **TV9 Network**, one of India's largest media networks that operates TV channels in multiple languages. The channel started in 2009 originally as a Hindi news channel for Mumbai and then transitioned into a Marathi news channel in **2012**.

TV9 Marathi believes in giving **true, clear, and fast news** to the people of Maharashtra. They focus on reporting news honestly and showing the real situation without hiding important facts. **First Marathi Channel on DD Free Dish:** In 2025, TV9 Marathi became the **first Marathi news channel available on Doordarshan Free Dish**, India's largest free-to-air DTH platform, significantly increasing its accessibility across the country, including rural and semi-urban areas.

During the visit, the student came to know the studio of **TV9 Marathi**, They had a very informative and exciting experience. They were amazed to see how live news is broadcasted with the help of professional cameras, bright studio lights, and the teleprompter system. Observing the Production Control Room helped me understand how many people work together behind the scenes to manage audio, video, and graphics smoothly.
