Programme Summary/Details:

The CSI-VIVA TECH successfully organized the event **"Imperia 2026"** at the Computer Engineering Department, VIVA Institute of Technology. Imperia is a platform where students from our department present their major and mini projects. It offers an excellent opportunity for students to enhance their skills while also boosting their confidence, with the aim of encouraging innovative and practical projects among them. The event was conducted to allow students to share their technical knowledge with judges and faculty members, fostering a spirit of creativity and technical excellence.
